1. Mr. Malanick, Acting Deputy Director for Administration, made available a copy of Referent A to this office. While we know that the Office of Security is proceeding with its investigation of Subject, we recognize that the pace of this investigation must be guided by advisories the Office of Security receives from the Office of Medical Services. Whether it will be possible to arrive at a full and conclusive report on the security indiscretions allegedly made by Subject and the effect these indiscretions may have had on certain sensitive operational activities of this Directorate is at this time difficult to forecast. We do, however, encourage the Office of Security to actively and vigorously pursue this investigation so that all possible instances of security violations and their possible effect on our operational activities can be clarified to the fullest possible degree.
